Subject: Single Audit of the State of Delaware for the Fiscal Year Ended June 30 2017 (A-77-18-00008)

This report presents the Social Security Administration's (SSA) portion of the single audit of the State of Delaware for the Fiscal Year ended June 30, 2017.<sup>1</sup> The audit firm of Clifton Larson Allen LLP conducted the audit. Our objective was to report internal control weaknesses, noncompliance issues, and unallowable costs identified in the single audit to SSA for resolution action.

For single audit purposes, the Office of Management and Budget assigns Federal programs a Catalog of Federal Domestic Assistance (CFDA) number. CFDA number 96 identifies SSA's Disability Insurance (DI) and Supplemental Security Income (SSI) programs. SSA is responsible for resolving single audit findings reported under this CFDA number.

The Delaware Disability Determination Services (DDS) performs disability determinations under SSA's DI and SSI programs in accordance with Federal regulations. SSA reimburses the DDS for 100 percent of allowable costs. The Delaware Department of Labor (DDL) is the Delaware DDS' parent agency.

The single audit reported DDL did not have procedures in place to ensure it used consultative examination providers who were not barred from participating in Federal programs.<sup>2</sup> The corrective action plan indicated the DDS Medical Relations Officer would conduct and document annual reviews of consultative examination provider licenses.

We recommend that SSA verify DDL established adequate procedures to confirm consultative examination providers are eligible to participate in Federal programs.
